

Essay Exam

All applicants must write an essay (see below) so that we may evaluate his/her writing skills. Some students may also choose to submit a portfolio of creative works for consideration along with their application and essay.

The essay must be written on site and scheduled on the day of the interview. The essay should exhibit a good level of critical thinking and research skills. Additionally, you should make every effort to show your grasp of the mechanics of writing, including grammatical and stylistic components. You will be assigned one of the following two essay questions:

Essay Questions

Please write a 2-3 page essay on one of the following topics:

- Forecast and explain important global issues in the next decade or century that may impact your local community.
- If you were to protest something, for or against, what would it be and why?
