Honors Director's Message

The Honors Program at Qatar University provides a highly intellectual environment for exceptional students to explore and achieve their full potential. Our main objective is to recruit high achieving and motivated students and faculty and provide them with ample resources in the form of interdisciplinary courses, small seminars, and engaging discussions and debates in the classroom and in Honors planned events. If you are a student who is curious, who finds new ideas engaging, and who enjoys exploring the meaning of science, art, literature, politics, history, and ethics, then you are on our radar screen of student candidates that we would hope to admit to our program.

I invite you to explore our website to learn more about the program. I will be happy to meet with you individually during my office hours and by appointment to discuss and answer any questions regarding Qatar University Honors Program.

I wish you success in your academic endeavor.

Sincerely,

Professor Majeda Khraisheh, Director of Honors Program

HSA President Message

From my experience with HSA since 2013, I can say that it has been activated tremendously which is promising. It also helped advertising the Honors Program to Qatar University students as membership was also open for non- Honors students.

HSA became more than a club for me as it changed my perspective and thought me how Honors student can truly balance between his academic responsibilities and extra curricular activities. This gave me the opportunity to participate in competitions and activities and

helped me to form stronger ties with Honors students from different backgrounds and cultures.

Being the president for HSA in the academic year 2015-2016 was such a privilege for me. I was also lucky enough to have the exceptional support from the Honors Program and working with special board members. I would like to take the opportunity to send my warm gratitude to all of these great people. Thank you so much for being here and making HSA a big family.

Kind Regards,

Tasneem Hussain, HSA President

HSA Mission Statement

The mission of Honors Students Association is to be a liaison for the Honors Students as an advocate of social interactions between students and an entertainment spirit. The association strives to break regular university routine by engaging students in activities, events and competitions to entertain and motivate the students, to improve and develop students' networks with other clubs and to improve soft skills.

Statistical Facts

The Honors Program is designed for highly-motivated and academically-inquisitive students who are looking for an enriching college experience. The program was established in Fall 2009 with four students. Today, the program has evolved into a university-wide community with an overall student enrollment of 355 in AY 2015-2016. This year 28 Honors students had graduated bringing the total number of Honors graduates to 79. The following shows the number of Honors Students distributed by their colleges.

Distribution by College

Honors Program Benefits

There are priceless benefits for the Honors Program both for the honors students.

Honors Students Benefits

- Recognition at graduation and on the academic transcript of successful participation in the honors program.
- Opportunity to get enrolled into special courses particularly designed for honors students by outstanding scholars/ instructors.
- Advising and intensive faculty guidance facility.
- Honors students have the priority of participating in Undergraduate Research Funding (UREP) Projects.
- Scholarship opportunities.
- Opportunities for outstanding honors students to attend national and international conferences.
- Annual Honors Program Awards.
- Honors students have the opportunity of joining QU clubs for free and they can join clubs outside QU with 25% reduction on fees.

Chapter One

What they say about the Program?

Faculty Members:

Dr. Basem Tawfiq Ezbidi
Dr. Alaa Al-Hawari

Graduate Students:

Sawsan Sayed
Moustafa Hussein Ali
Khaled Hosny
Mohamad Ali Alabrash

Honors Faculty Members

Dr. Basem Ezbidi

Dr. Basem Ezbidi is a political scientist, specialized in political science and public administration. He is the first and sole faculty member at the Honor's Program of Qatar University. Ezbidi believes that a positive educator is simply a tool, a facilitator who helps students realize their potential and ignites their imagination. He firmly believes in

human potential and in students' ability to excel. By enhancing their self-esteem and guiding them through their work, he is confident that students may reach boundless successes and limitless heights. This approach equips students with the environment they need to accept challenges, dare take risks, and enjoy the learning process.

Ezbidi says: "my teaching approach at the Honors Program is grounded in assisting students to develop their critical thinking and problem-solving skills by utilizing various instruction techniques that increase the students' opportunity for learning and include the assigning of external reading materials, presentations held by the students, and group discussions. This approach of teaching and inquiry is exceedingly challenging and demanding, nonetheless, the students of the Honors Program process the needed talent and aptitude for the materialization of such an approach, achieving the intended goals properly and in an enjoyable fashion."

Dr. Ezbidi concluded by sending his profound appreciation and sincere gratitude to the Honors Program, in particular to the head of the program, Professor Majeda Khraisheh, and to its dedicated assistants.

Honors Faculty Members

Dr. Alaa Al-Hawari

Dr. Alaa Al Hawari is an Associate Professor at the department of Civil and Architectural Engineering. Dr. Al Hawari's main research area is related to water and waste water treatment possesses. Currently, Dr. Al Hawari is running several projects with international institutes related to enhancing the quality of treated waste water to be used and recycling in other applications.

He says: *"I have been a member of the honors council for the past four years. I have noticed that the honors program has developed in terms of the number of enrollment where students from different disciplines at Qatar University has joined the honors program. During this semester (Fall 2016) I am teaching an honors student in my class, the student shows high caliber in terms of skills and ability to conduct research. The student has been involved in research related to water desalination where he is conducting experiments in the Environmental Engineering lab. The student has been exposed to research methodologies in term of collecting and analyzing his own data. I hope that he will be a good example for other students to join the program for the scientific, social and other benefits they will gain by joining this program. I would like to thank the honors program team for all the effort being done to promote and excel the program."*

Honors Graduates

Khaled Hosny

Khaled Hosny is an Honors graduate Class of 2016 from College of Business and Economics. He has been one of the top academic achievers through his study years, winning Honors Best Academic Achievement Award and graduated with the highest GPA amongst all Honors Students and QU male graduates Class of 2016. Below is a summary of his unique experience.

“My journey at university was a major step in completing 14 years of hard and tough time. I can still remember day one at university, I came searching for my lectures, I was lost in corridors. However, now after completing my 4 years’ bachelor degree in Accounting and Finance, I am proud of myself. Elhamdellah I completed my degree and I am happy for that.

I can say that my journey was not an easy one. I had to study, work, family commitments and my social life, all together at the same time. I had to manage everything to make my life move smoother.

University is a challenge, and I have accepted it once I applied to Qatar University, I believe that commitment to such a challenge was a motive for me even do better job in all tasks that I was enrolled in.

The Honors program helped me in different aspects. Education wise, the formatting of the contracts and what was required from students was good enough to distinguish us from other students. This by itself gave me a feel of achievement and that was reflected in my study and course work. Staff wise, I would like to thank Ms. Takwa, Eng. Sara and Eng. Abdulqader, they helped in everything related to the program.

Moreover, the Honors program offered me a full paid trip to the U.S. to participate in National Collegiate Honors Council (NCHC) where I presented a project. This gave me a push and more energy to even perform better and better.

I was so happy at the moment of graduation especially that I achieved the highest GPA among all of Qatar University male students 2016 batch and over the Honors graduates as well.

My ambitious is to be one of the top leaders. A CEO in a company, or a professor in a top educational institution. I want to be different, distinguish myself among others, as I always did before. Now, I am studying Masters and Insha'Allah I am aiming to get external certificates that enhance my educational

level which consequently be reflected in my career and life as a whole

My biggest challenge during my undergraduate studies was to win the battle and compete myself to achieve an outstanding GPA by my graduation."

Eng. Sawsan Sayed Omar

Sawsan is an Honors graduate Class of 2016. Sawsan is one of the top academic achieving students at Qatar University and Electrical Engineering Department in particular. At the mean time Sawsan is enrolled to the Master program at QU and working as a Graduate Assistant. Sawsan expressed her happiness in graduation day and she shared her experience with the program saying: *"The journey of the university broaden my horizons and flourished my knowledge, and gave me an opportunity to socialized with people from cross cultural backgrounds, to practice hands-on experience, and many other valuable chances. Joining the honor program made my experience more enthusiastic as I was engaged in further activities which have pushed me to think out of box and to be more creative.*

One of the must joyful and pleasurable moment of any student's life is the graduation moment, which was my best moment too. Now, my next ambition is to acquire the master's degree in my field. Moreover, one of the most remarkable experience during my undergraduate degree is the graduation project. Working on the graduation project for a one year was one of the most priceless and time valued moments in my university life."

Mohamad Ali Alabrash

Mohamed Alabrash is an Honors Student who graduated from College of Sharia and Islamic Studies in May 2016. He was one of the most distinctive Honors Students as he had a great number of both academic and non-academic achievements and awards. When he was asked to share his unique learning experience with the Honors Program he said the following:

"My learning experience was rich, productive and full of accomplishments Alhamdulillah. I can confidently say that what have crowned my achievements is my enrollment into the Honors Program.

I joined the program after discovering the Honors Program office by chance and asking the assistants about it in terms of its goals, benefits and the students' evaluation methods. I found it very challenging and I decided to accept the challenge.

I have participated in planning and organizing many events and attended many workshops organized by the program which have improved my communication skills with others and enhanced my college experience.

My feelings when I finished my Bachelor degree are mixed as I feel glad as I feel sad for leaving my friends.

Now my ambition is to continue into higher education in the field of Quran Sciences and Alhamdulillah I got accepted in Qatar University for Masters Studies.

During my undergraduate study, I was engaged in many clubs such as being a board member in Sharia Club and Inshad Club.

Honors Graduates

Moreover, I was privileged as I received numerous awards including Honors Best Services Award, Academic Excellence Awards like being listed in the Dean's List every

semester and Vice President's List, winning the the 1st Place in Qatar University's Inshad Contest and later winning the 1st Place in Qatar's Inshad Contest. My greatest achivement could be my humble service to mu university as I was the Vice President of the students council in its third cycle. I strived to find solutions and to work on the proposed solutions in order to satisfy students and to facilitate their university life."

Eng. Moustafa Hussein Ali

Eng. Moustafa is an Honors graduate Class of 2016. Moustafa was one of the most active Honors Students and Chemical Engineering Students. He wanted to share his unique experience with the program saying:

"I joined the College of Engineering and my trip was full of learning and a passion, especially, that Qatar University has provided a distinction environment full of priceless opportunities. One of these opportunities was the Honor Program that has derived my courage to succeed and excel. The program also provided opportunities to discover the outside world by encouraging the students

to participate in international conferences and give them research projects opportunities and to join their faculty members in their projects or in UREP projects.

I can describe my journey at Qatar University to excellence and I wish I can successfully realize my future ambitions. Now my goal is to attain Masters degree in my field and to be qualified to compete and find a job."

Chapter_{Two}

What is HSA?

Chapter_{Two}

What is HSA?

HSA is the students' body that represents Honors Students at QU and listed officially as a club under Students Activities Department. **Our primary goal** is to cater both **academic** and **extracurricular needs** for members. Most of our activities focus on breaking the regular university routine and entertain students.

HSA 2015- 2016 Board Members

The HSA board for the academic year 2015-2016 have organized several activities, events, and competitions. During the year there were one trip to Museum of Islamic Art. Two debates were held among the honors students and Debate Club members in both languages, Arabic and English. Moreover, as an educational and entertaining event, a traditional cuisine was organized in the Honor of Chef Aisha Al-Tammimi where students got together and tried different dishes of different countries. During this event there were two competitions, one for the best traditional dish and the other for the best traditional costume.

The board members of HSA during the academic year 2015-2016.
Jamal Hannun, Afsaneh Ali, Hassan Sayed, Tasneem Hussain and Jana Jamaledin

HSA 2016-2017 Board Members

The HSA Board Membership application took place in June. Seven candidates applied for board membership and according to the election results shown below, the top four candidates were selected as the new board members for the HAS.

New HSA Board Members are listed as follows:

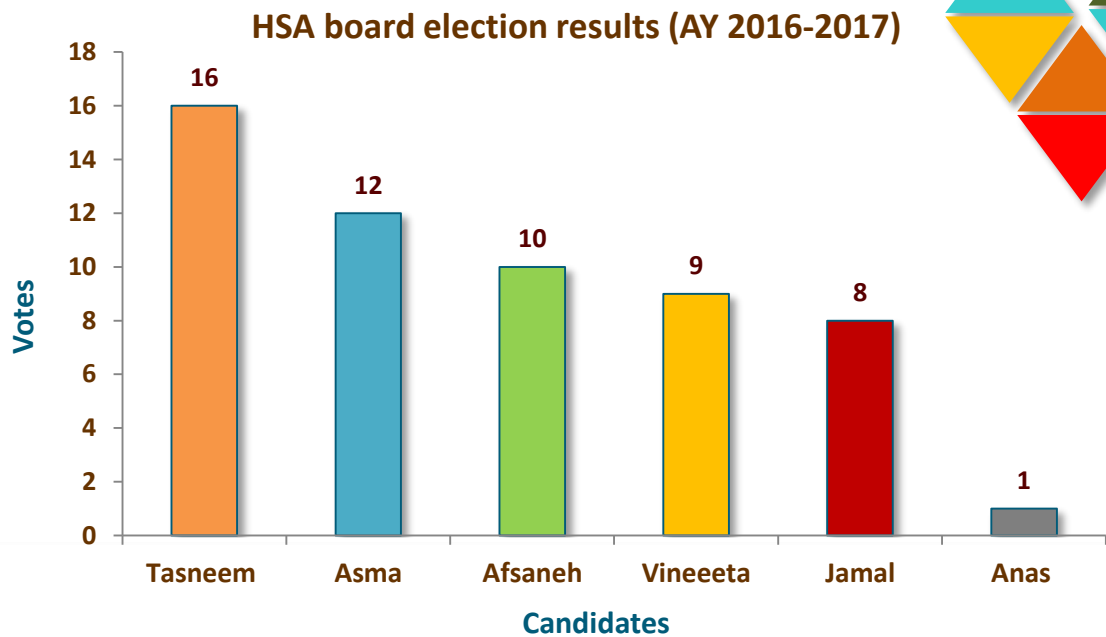

HSA President: Tasneem Hussain

HSA Vice President: Asmaa Othman Mohamed

HSA Secretary: Vineeta Devnani

HSA Treasurer: Afsaneh Ali

HSA coordinator: Jamal Hannun

Chapter **Three**

Honors Events

Let's have **A look** at archive..

New Students Orientation

Honors Program has taken very significant place in the new students' orientation day that Qatar University organize before the beginning of each semester. Honors Program has taken the opportunity on that day to introduce the new students to the program and encourage them to apply and to get enrolled into the program.

Open House Event

Open House Event is an event that Qatar University arrange for Freshmen Students to familiarize the them with the facilities within the university. Honors Program had a booth in that event to attract and introduce the students to the program.

Clubs Forum

The Honors
Club's Booth

Museum of Islamic Art (MIA) Trip

On December 9th, 2015 HSA has organized a trip to MIA. The purpose of the trip was to show the students the beauty of Islamic Art over three different continents in different eras. 9 Honors students have participated in the trip.

Traditional Cuisine

Traditional cuisine is an event that was organized by Honors Program for the second time this year in 8th of March. The purpose of the event is to show and present different cultures within the honors program and to taste food from different countries. We were honored to have a very distinguished guest Chef Aisha Al-Tammemi as a dish judge for the best three traditional dishes. Moreover, many students, staff and faculty members have joined the event and participated with different dishes and special customs to present their cultures.

End of Year Event & Honors Research Symposium 2015-2016

Honors Program is closing an academic year full of accomplishments and success with the End of Year Event. The event took place on May 26th , 2016 in Ibn Khaldoun Hall and had a very special audience represented by the sponsors which are Oryx GTL, a number of faculty members and large crowd of honors students and parents. The year the Honors Program had for the first time “**Honors Research Symposium Event**” as a part of the End of Year Event program to give students opportunity to share their great research work. The Research Symposium has two sessions, one is academic poster session and the other is presentation session which was basically in the scope of Gas To Liquid (GTL) projects.

After Quran’s recitation by Mohamed Al- Abrash, Dr. Majeda delivered a warm welcoming speech and talked a little bit about the development of the program . Following this short session, presentations started

Honors Awards Session

The ceremony had an awarding session to award the outstanding students from different majors and classes for variety of accomplishments. The awards and winners were classified as follows:

- **The Best Thesis Award**; is an award for distinguished graduation projects. Both **Fatma Jaber Elahbaby** from a College of Art and Science and **Moustafa Hussein Ali** from the College of Engineering won this special award.
- **Best Services Award**; which is an award for outstanding student services; was given to **Jamal Hannun** and **Tasneem Hussain** from College of Engineering.
- **Best Academic Award**; is an award given for distinct academic performance. Winners of this award were **Buthaina Al-Hammadi** from College of Art and Science, **Muna Alashwal** from College of Business and Economics, **Naram Mhaisen**, **Mohammad Khader** and **Ibrahim Ahmed** from College of Engineering.

- **Honors Graduates With Distinction Award**; is an award given to honors graduates with GPA above 3.80. Winners were **Khaled Hosny, Afnan AlMalk** and **Amenah Abdulsalam** from College of Business and Economics, **Sawsan Abdulsalam** from College of Engineering, **Rayan Zaied** from College of Law and **Maryam Abu- Sharida, Fatma Elahbaby** and **Tazeen Qureshi** from College of Art and Science.

End of Year Event Surprise!!!

The event was concluded by a surprise prepared by the Honors Students Association members to thank the Honors Program and Dr. Majeda for their extraordinary efforts and support.

Different Moments from the Event

Chapter **Four**

Honors Students' Achievements

The Honors Students **Tasneem Hussain** from College of Engineering Won the 1st Place in International Petroleum Technology Conference 2015, Educational Summit.

Two Honors Student Winning The Students' Athletic Award – Student life awards

Student life awards are annual awards given to students who have a distinguishable contribution to the campus life . The awards are given to different categories. One of them awarded categories is the athletic student. One male student and One female student are awarded for their remarkable contribution in sports activities. For 2015/2016 round, both athletic awards were obtained by the honors students **Khaled Ibrahim Shamiyeh** from College of Engineering and **Dana Yahya Al-Madhoun** from College from Arts and Science.

طالبة جامعة قطر الأولى في «الصناعات البترولية»

فازت الطالبة تسنيم حسين من قسم الهندسة الكهربائية في كلية الهندسة بجامعة قطر بالمركز الأول في المؤتمر الدولي لتقنية الصناعات البترولية (IPTC)، القمة العالمية للتقنيات الشباب.

وقد شاركت في المؤتمر 70 مرشحاً من 75 جامعة على مستوى العالم، وقام بتحكيم المشاركات لجنة تحكيم مكونة من نخبة من المديرين التقنيين في مختلف الشركات العالمية المختصة بقطاع صناعة البترول والغاز حول العالم.

وشاركت الطالبة تسنيم في هذا المؤتمر بتقديم عرض يتناول أهم التحديات التي تواجهها المرأة في الصناعات البترولية والطاقة تحت عنوان «التنوع الاجتماعي في قطاع صناعات الطاقة»، حيث ناقشت أسباب عزوف المرأة عن العمل والاختراقات في مجال صناعة الطاقة، كما ناقشت كيفية التغلب على العقبات التي تؤدي إلى رفض المرأة لقبول العمل في هذا المجال. وتتكون الفريق المشارك مع تسنيم حسين من ثلاث طلبة من جامعات في روسيا وماليزيا وتايوان، وقام الأعضاء بعرض دور تمثيلي أمام لجنة التحكيم لتجسيد دور المرأة في بيئة العمل الصناعي.

وتعتمد آلية اختيار الفائزين بالمراكز الأولى على طلبات الترشيح الأولية، حيث قامت اللجنة المختصة في المؤتمر باختيار أفضل 100 طلب وفق المعايير المتبعة في المؤتمر. وقد ترشحت الطالبة تسنيم للمشاركة في المؤتمر من خلال جمعية مهندسي البترول والغاز - فرع طلبة جامعة قطر والذي يعتبر أحد الأندية الطلابية التي تسهم في إثارة الفرصة أمام الطلبة لخوض تجارب بحثية ومهنية بالتعاون مع مختلف الجهات المسؤولة في القطاع الصناعي.

ويقدم منظمو المؤتمر بتدريب الأعضاء المشاركين لإكسابهم المهارات اللازمة من خلال تعيين مدربين عالميين أكفاء، وتوفير السبل المثلى لتطوير الفرق المشاركة في المؤتمر، وأشرف على الفريق المشارك من جامعة قطر خبراء من الإمارات العربية المتحدة.

وفي تعليقه على هذا الإنجاز، قال د. راشد العماري عميد كلية الهندسة في جامعة قطر: «تحرص كلية الهندسة على تشجيع طلبةا وتنسيبها للمشاركة في الفعاليات والسابقات المحلية والخارجية سعياً من الكلية لإكساب الطلبة المهارات المختلفة التي تمكنهم من تبسييع معارفهم وتنويع خبراتهم، والاطلاع على أبرز التطورات في تخصصاتهم، بالإضافة للتواصل مع الخبراء والمختصين في مجالات الهندسة المختلفة، وهذا بالطبع يثري العملية التعليمية ككل داخل الجامعة». ومن جانبها قالت الطالبة تسنيم: «لقد كانت المشاركة تجربة رائعة، استغنينا من خلالها التعرف على مختلف التقنيات من مجالات الصناعة البترولية والطاقة، كما أن اللجنة المنظمة قد وفرت العديد من الورش والدورات التي أسهمت في سبيل شخصية الطلبة المشاركين وإثارة الفرصة أمامنا لتعزيز علاقتنا مع الطلبة والخبراء من مختلف دول العالم، والجدير بالذكر أن كلية الهندسة تشجع طلبةا على الاختراقات في مختلف الفعاليات والمؤتمرات العالمية، خاصة وأن الجامعة تحتوي على العديد من الأندية الطلابية التي تتيح الفرصة للطلبة لإطلاق قدراتهم الإبداعية وسبيل شخصياتهم في مختلف المجالات المهنية والأكاديمية. وتقوم الكلية أيضاً بدعم المبادرات الطلابية والبحوث العلمية وذلك انعكاساً للدور الرائد لجامعة قطر في تخريج مهندسين أكفاء، ادفع عملة التنمية وتحقق الرفاهية على مستوى الأفراد والمؤسسات من خلال تزويد مهندسين ذوي مهارة وكفاءة للعمل في مختلف المجالات الهندسية والصناعية والعلمية».

First & Second place winners in GCC Robotics Challenge – Qatar Round

GCC Robotics challenge is a yearly challenge aiming for undergraduate students and young professionals to compete and build an innovative robot and compete in a designed area with time and space limitations. The competition is started by local rounds in each GCC country and the 1st place winners are qualified to a final round with all GCC winning teams. The honors students **Omran Adnan Alrashid Abazeed, Naram Sultan Mhaisen, and Youssef Al Hariri** from CSE department were able to achieve the first place in the GCC Robotics challenge – the Qatari round among 6 different teams from Qatar University &

College of North Atlantic. Also, the honors student **Mohammed Khader** and his team has won the second place in this competition. The winning team was not able to represent Qatar in the final round due to visa issues so they were replaced by the 2nd place team who achieved 4th place on the final round.

The Honors Students **Tasneem Hussain, Tasneem Sid Ahmed, Afsaneh Ali, Asmaa Othman, Roba Al-Muhtasib, Reem Jamil Azzam, Mona Hassan Albatrani and Afnan Mohamed AlKatib** from College of Engineering have participated in ChemE Car Competition organized by QU AChE and Department of Chemical Engineering.

Hala Emad Mossa achieved the best Undergraduate Research Poster in Humanities at Social and Science in 2016.

Wajiha Ghazi achieved the best student research awards in 2016 in CAS annual research day.

Sana Shiekh was the 2nd Place Winner of Enterprise Challenge Qatar from the College Business and Economy in 2016.

Dana Almadhoun was 2nd Place Winner in a contest by The American Anti-Corruption Institute (AACI) from College of Engineering in 2016.

2nd

Jamal Hanun and Ibrahim Ahmed and 2 other students were the 2nd Place Winners in the Innovation and entrepreneurship contest in 2016.

1st

Mohamed Ali Alabrash Won the 1st Place in Qatar University's Inshad Contest and later he won in the local contest and he was part of the student council.

Two Honors Students Winning 2 Different Awards at QU “Takreem” Recognition Ceremony

“Takreem” was a ceremony held by QU to recognize students for their outstanding performance for student life 2015/2016. Around 14 different categories were awarded where 3 different awards were accredited for honors students.

Mohamed Ali Alabrash from College Of Sharia and Islamic Studies was recognized for having the best Leadership award 4 times in a row while **Wajiha Ghazi** was recognized for the best academic and non-academic award.

Mohamed Ali Alabrash

Wajiha Ghazi

Honors Student Winning the 2nd Place at the Sports Dynamic Day

The sports dynamic day is a sport festival organized by CAS department for CAS students and faculty where different sports activities and competitions are held. **Wajiha Ghazi**, a honors student, has achieved second place in badminton on that day.

The Honors Student **Majd Abdallah** from College of Engineering has participated in an international debating league in Leiden, The Netherlands.

Sawsan Sayed Omar, Tasneem Hussain, Moustafa Hussein Ali, Baraa Anayah, Saada Almohanadi and other students won in the Senior Design Projects Contest that was organized by QU College of Engineering, QAPCO, Dolphin Energies, and Oxy Qatar in 27th May, 2016.

بحضور أكثر من 400 شخص

«الهندسة» تنظم مسابقة «مشاريع التخرج» لطلبة 2016

بحضور تجاوز عدد 400 شخص، نظمت كلية الهندسة بجامعة قطر مسابقة مشاريع تخرج طلبة كلية الهندسة 2016 لجميع برامج الكلية وهي برامج الهندسة الكهربائية، الهندسة الميكانيكية، الهندسة الصناعية والنظم، الهندسة الكيميائية، علوم الحاسب، هندسة الحاسب، الهندسة المدنية، والعمارة والتخطيط العمراني، برعاية شركة قطر للبترول وكيمابويات قابكو وشركة دولفين للطاقة المحدودة وشركة أوكسيدنتال قطر للبترول.

محمد وإكرام بولخيف، فيما فازت شبيخة المنصوري وتمامي التميمي وخلود كريسون بالمركز الثاني، أما المركز الثالث فقد كان من استحقاق الطالبات مريم الخليل وأمل الدوسري ومكارم إبراهيم.

كما فاز عن برنامج الهندسة الميكانيكية بالمركز الأول عبدالرحمن القاسمي وحسن علي حسن ومحمد أحمد ومحمد إسلام أحمد، فيما فاز عبدالله بيوري ومحمد رايح وخليل عمار حيدر علي بجي بالمركز الثاني، وحسام إبراهيم وأحمد جومارين وحسام الدين محمد بالمركز الثالث.

على مستوى برنامج الهندسة المدنية، فاز بالمركز الأول كل الطلبة عبدالرحمن أبو شبيب ومحمد حفيظ وخالد عصام أبو العيين فيما فاز الطلبة أحمد حرساني وعمرو عطالله وحمره الجري وعطاء براري بالمركز الثاني، وحاز علي المركز الثالث الطلبة حسن الغانم، وصالح المناعي ومحمد الهري ومحمد البدر.

وفازت الطالبات براءة عتيبة وآرين درور وشيخا بوسفي ومريم شهاح بالمركز الأول على مستوى برنامج الهندسة الكيميائية، فيما فازت بالمركز الثاني كل من عائشة بابا سيد أحمد وصار يوسف علي ومتي حرسني جولييد ونحفة باسمين علي أحمد، أما المركز الثالث ففاز به كل مصطفى حسين علي ومحمد حسني إبراهيم ومحمد سالم ومحمد ميمون آدم.

وفازت الطالبات فاطمة عبدالعزيز الخرجي وحنان هشام كامل ونظرة صالح البياعي بالمركز الأول على مستوى برنامج هندسة الحاسوب، والطالبات أسماء محمد حجازي وغدير محمد أحمد وسارة إبراهيم السليطي بالمركز الثاني، وكذلك الطالبات أية طلعت حسين وسرين مشهور وسعد محمد المهدي بالمركز الثالث.

وفاز الطالبان خالد ياسر محمد ووفيق عبدالمنعم الناس بالمركز الأول على مستوى برنامج الحاسب الآلي، والطالبة أمينة سرحان مهابوش ومهيرة عبدالله النصف ومهيرة سعيد المسفيري بالمركز الثاني، فيما كان المركز الثالث من استحقاق الطالبتين الهول محمد والمهدي وأنجي خالد سليمان.

كل من عاصم خطاب وشريف صالح ومحمد جواد الجعوم ومحمد غسان مصلح، فيما فاز بالمركز الثاني كل من عمر غسان حمص وعلي عبدالحميد فرحات وعلي محمد الزورقي وعبدالله الفحطاني، أما المركز الثالث فكان من نصيب سوسن سيد عمر ونسيم حمين.

كما فاز عن برنامج الهندسة الصناعية بالمركز الأول كل من نور الهدى زارغبو وسوسن

العسل والمتابعة والمثابرة، وهنا أشكر الشركات التي قامت بتقديم الدعم والاستشارات للطلبة خلال الفترة الماضية، وأنعمهم للاستثمار والاستفادة من مشاريع الطلبة التي تم عرضها اليوم، والتي تهدف في مجملها لخدمة الصناعة والمجتمع ككل.

الفائزون

أما عن قسم الهندسة الكهربائية، فقد فاز بالمركز الأول

محكمين من أعضاء هيئة التدريس في الكلية.

شهور طويلة

وفي كلمته، قال الدكتور آل خليفة «نظم كلية الهندسة هذه المسابقة للعام الثالث على التوالي لتعميق الشراكة بين الكلية والقطاع الصناعي بهدف إطلاع المؤسسات والشركات والمجتمع المحلي على مشاريع طلبة الكلية والتي جاءت بعد شهور طويلة من

الدعوة القري

وحضر الحفل نيابة عن الرعاية والشركات الداعمة كل من السيد جون بولينج والسيد محمد العتيبي اختصاصي المسؤولية الاجتماعية من شركة أوكسيدنتال قطر للبترول، والسيد خالد الحوري مدير إدارة المهندسين في شركة دولفين للطاقة، والسيد محمد الجابر ضابط تطوير أول في شركة قطر للبترول وكيمابويات قابكو.

كما حضر الفعالية الدكتور خليفة آل خليفة عميد كلية الهندسة والعمداء المساعدين ورؤساء الأقسام، وعدد من أعضاء الهيئة التدريسية إلى جانب طلبة الكلية وأولياء الأمور وممثلين عن الشركات الخاصة والمجتمع المحلي.

شارك في هذه المسابقة 235 طالبا وطالبة من طلبة الكلية قاموا بعرض وشرح 85 مشروعا مختلفا من جميع أقسام كلية الهندسة، وقام بتحكيمها لجان تحكيم مكونة من ممثلين عن المؤسسات والشركات الصناعية حيث ضمت اللجان 30 محكما من القطاع الصناعي، وعدد 10
